

## LYNGSOE LIBDECO™ SELF-CHECK KIOSK

### WELCOME TO THE WORLD OF LIBDECO

Lyngsoe Systems is introducing a brand-new series of self-check kiosks which are unique with their modern and organic design. The look and feel of the new kiosk is inspired by the timeless principles of Scandinavian design and with accessibility in focus.

Lyngsoe LibDeco™ is a product line of kiosks where libraries can easily decorate and style the kiosk to match the library design guide or graphics and communicate messages linked to campaigns or seasons in just a few minutes.

### MODERN ELEGANCE AND PERSONALIZED DESIGN

The LibDeco is a seamless fusion of modern elegance and functionality with its discreet yet warm presence, carefully chosen materials, while still maintaining a focus on accessibility. Crafted with precision and care, LibDeco sets a new standard for self-check kiosks, seamlessly blending into any library environment with its symmetrical, organic modern design and light, neutral color expression.

The LibDeco is designed in a way that makes it possible for libraries to personalize their kiosk. The back panel print can easily be replaced with a new one that matches the library's design brand or interior design.

### A DESIGN SERIES WITH MANY POSSIBILITIES

The LibDeco series of self-check kiosk models for several installation options like free-standing on the floor with height adjustable, fixed height, wall mounted, or as a tabletop.

Our first kiosk model is the floor model LibDeco F20, where the standout feature is its height adjustment feature, catering to children, adults of all heights, and wheel-chair users, while ensuring an ergonomic and comfortable experience for any patron.

LibDeco has not only a sleek and soft organic design expression, but also a small footprint, making it effortless to integrate into any library setting. Made from high-quality materials including steel and aluminum, LibDeco is engineered to withstand heavy usage while maintaining long-term reliability.

### BENEFITS

- Scandinavian style – Modern, light and stylish
- Compact, symmetrical and organic design
- Easily changeable branding customization
- Flexible installation options
- ADA/DDA compliant – height adjustable
- Intuitive, modern and theme UI layout
