

LYNGSOE LIBRETTO COMPACT™

SPACE-SAVING AND EFFICIENT SORTER

The Lyngsoe Libretto Compact™ has been specifically designed to meet the demanding needs of a modern library and to help the library staff free their resources for other tasks than sorting returned material. In addition to being extremely efficient, it is also cost-efficient, allowing even smaller libraries to gain the benefit of an automated sorter.

The design of the sorter is stylish and amazingly small, allowing installation in just about any library, regardless of available space.

The Libretto Compact's low power consumption, superior efficiency and ease of implementation will bring significant benefits for the library and its customers. Its very small footprint serves small and large libraries space requirements.

The Libretto Compact can be installed in a public area or behind staff circulation desks or separate room.

MODULAR SYSTEM

Each sorting module gives two extra sorting positions. Libretto Compact is controlled and administrated by Libretto 2 software. It is scalable for the library's future sorting and returning needs.

The Libretto Compact uses Libretto 2 software as its user interface. The Libretto 2 uses the newest technology in Microsoft compatible platforms. This gives new dimensions to the software versatility and features, which offers a long lifetime using Libretto 2 in the library. The Libretto 2 software has all the features required by today's market.

BENEFITS

- Very small footprint
- Extremely low power consumption
- Fast and accurate
- Modular, easy to extend
- Very silent

SPECIFICATIONS

LYNGSOE LIBRETTO COMPACT™

GENERAL

Functions	Check-in, sorting, offline
Item Identification	RFID, Barcode or both
Security	RFID (AFI/EAS)
RFID Standards	ISO 15693, 18000-3-1
Data models	DD M, KAT VE, TechLogic, TV2, 3M, TR C, IT G, IT G2, ISO 28560
Modularity	Indoor hatch, outdoor hatch 24H
Sorting types	Return bins 400 x 600 mm / 15.7 x 23.6", 600 x 600 mm / 23.6 x 23.6" and 600 x 800 mm / 23.6 x 31.5", Smart trolleys, index tote, tote lifter

COMPATIBILITY AND PROGRAMS

Operating system	Windows 10
Software	Libretto 2 <ul style="list-style-type: none">• Easy to use – user interface• Fully flexible Sorting Editor• Reporting and statistics management• Remote management• Customized software features• Centralized management system
Connectivity	Protocol TCP/IP, LMS: SIP 2

TECHNICAL INFORMATION

Sorting capacity	1880 items/h
Item size	Min. : 50 x 100 x 2 mm / 12 g - 2 x 3.9 x 0.08" / 26.5 lbs Max.: 350 x 320 x 120 mm / 12 kg - 13.8 x 12.6 x 4.7" / 26.5 lbs
Input Voltage	100-240 V
Power Usage	300 W
Noise level	Standby: 36dB, Online: 48-54dB
Unit Dimensions	1000 x 1340 x 515 mm / 39.4 x 52.8 x 20.3" (L x H x W)
Unit weight	130 kg / 287 lbs
Colors	All RAL colors
Certificates	CE
